Restless Nature – Wooden Sculpture Exhibition

Wednesday, July 5

To

Wednesday, September 6

Venue: [Taipa Village Art Space](#)

This summer, Taipa Village Cultural Association proudly presents local accomplished artist Tong Chong's wooden sculpture exhibition "Restless Nature".

He unveils his masterpiece artworks to the public, showcasing Tong Chong's new collection with plywood technique and reflects the outcome of his three years of meticulous research on this subject of sculpting with plywood. In this new series of sculptures, each piece took at least four to six months to finish due to gluing procedures, whilst the sculpting itself is a process which requires physical and psychological stamina that cannot be taken lightly.

This tells us about Chong's character, as it is embodied in each piece: the perseverance to achieve his goals and a restless soul eager to evolve and perfect his technical skills.

When: July 5 – September 6, 2017

Where: [Taipa Village Art Space](#), 10 Rua dos Clerigos, Taipa, Macau

How much: Free admission
